CLEANS THE BLOOD TONES THE NERVES

The gratifying results attending the faithful use of the medicinal combination, Hood's Sarsaparilla, before eating and before sleeping, are seen in pure blood, stronger nerves, improved condition of the whole system.

They are results that make this course of treatment the most economical for sufferers from impure, impoverished blood, weak, unsteady nerves—no other remedy accomplishes so much for each cent expended.

Hood's Sarsaparilla and Pileocin aid each other and to take both is to derive a four-fold benefit.

If a laxative is needed in connection with the medicine and thorough Hood's Pills should be used.

GIRLS! TRY IT! HAVE THICK, WAVY, BEAUTIFUL HAIR

Every particle of dandruff disappears and hair stops coming out.

Draw a moist cloth through hair and double its beauty at once.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Dandrin" hair cleanse.

Just try this—moisten a cloth with a little Dandrin and carefully draw it through your hair, taking one small strand at a time. This will cleanse the base of each hair of dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Dandrin cleanses every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks use when your hair actually is new hair—fine and downy at first—yet really new hair growing all over the scalp.

Save your hair! Beautify it! You will say this was the best money you ever spent.—Adv.

NEGRO BOY IS KILLED BY FALL

Attempting to Board Auto Truck, Robert Perry Falls to Pavement.

While trying to climb upon a moving automobile truck in the 2100 block on Alameda avenue Thursday morning, Robert Perry, 2941 Marzana street, a negro school boy, 11 years of age, fell to the street pavement and was almost instantly killed.

According to detective Ed. Mebus, who was traveling on Alameda in a jitney a short distance behind the truck, the boy had been riding on an ice wagon, and when the wagon drew in at the curb, the boy jumped off and made for the truck, which at that moment was passing in the same direction. With his school books in his hand, he was trying to jump up on the floor of the truck, when Mebus saw him fall to the street, striking his forehead upon the pavement.

Skull Is Fractured.
Hurrying to the spot, Mebus found that the boy was unconscious and that blood was flowing freely from his nose and mouth. He was rushed to the emergency hospital at police headquarters, and was examined by Dr. John Hardy, who pronounced him dead. The boy is said to have sustained a fracture at the base of the skull. A post mortem was held at the peak morgue this afternoon.

Henry Evans, a negro, was the driver of the truck which is said to belong to the El Paso Refining company. He was not taken into custody.

Mrs. Murphy died at 5 o'clock Wednesday afternoon at her home in Eagle Pass. She was 45 years of age. Her husband is a brother of Mrs. W. L. Brown, 1025 East Boulevard, this city.

Mrs. Murphy moved to Eagle Pass last June to join her husband, who has a grocery business there with his brother, H. A. Murphy. Mrs. Murphy's daughter, the deceased, came here this fall to attend school and make her home with Dr. and Mrs. Brown.

Mrs. Murphy was formerly of Lullin, Tex. She married her husband here.

Mrs. Mary Brown, widow of the late Dr. W. T. Brown, of Alamo, Arkansas, died at her home here, 2114 Grand avenue, this city, Wednesday evening at 6:30 at a local hospital. She had been sick for eight days.

Mrs. Brown was born near Little Rock, Ark., 25 years ago, and came to El Paso with her daughter eight and one-half years ago.

Demand News In A Herald Extra Be Taken From Shoeman's Window

S. W. McCollum, native Michigan "hoaxer," of Mesa, avenue, flying the flag of the United States, Great Britain and France over his door, and holder of his part of the last Liberty loan, was considerably surprised and pained, he said, Thursday morning, when a big man entered his place and advised him to take down from his window a copy of an extra edition of The El Paso Herald which carried the news of the latest revolutionary development in Russia.

Mr. McCollum wondered what sort of procedure was in movement, with the gratulatory advice was uttered that the sheriff's office would be notified at once.

Shortly afterward, Mr. McCollum said, a deputy from the sheriff's office came up and counseled Mr. McCollum to remove the "extra" from the window, which was done. The deputy said two telephone calls had been received at the sheriff's office on the subject.

What thought directed the man who remonstrated with the shoemaker at the posting of a piece of news that all El Pasoans know to be a hoax, and that the press of the world published simultaneously, was not learned. The man who the deputy disappeared immediately thereafter.
